SUMMARY

Dynamic Web Application Developer with a strong foundation in Vue.js, React, and JavaScript, holding a Fullstack Bootcamp Certificate and a BA in English Literature from UT Austin. Excels in developing accessible, user-centric web applications, leveraging a unique blend of technical skills and customer service experience to enhance user engagement and satisfaction. Proven track record of delivering projects on time, employing creative solutions to complex problems, and fostering collaborative team environments.

TECHNICAL SKILLS

Vue.js, React, JavaScript, HTML, CSS, Kendo UI, Microsoft Teams Toolkit, Microsoft Azure, JSX, Git/Github, Web/Rest APIs, Wireframing, Github-based issue and bug tracking, Node.js, jQuery, MySQL, Express, Bootstrap, Sequelize, MongoDB, Mongoose, Object-Oriented Programming, Bulma, VS Code, Heroku, Canva

EXPERIENCE

Freelance Web Developer

Various Organizations; Austin, TX (Remote)

Jan. 2021 - Present

- Designed, developed, and deployed web applications onto various public web hosting platforms.
- Assisted clients in assessing the needs and capabilities of their businesses, and worked with them to plan the scope and overall end user experience for their web sites.
- Created custom logos and edited existing images to flow with overall web apps' themes and styling
- Revised code, layout, and styling to meet clients' specifications and responded to their feedback throughout the development process.

Application Developer

Mar. 2021 – Mar. 2024

T2M Works; Remote

- Lead front-end developer for company's Microsoft Teams application suite; responsible for design, development, and life cycle maintenance.
- Collaborated on several overhauls and migrations of existing infrastructure with fellow front-end developers, back-end development team, as well as our QA supervisor.
- Worked closely with QA and Customer Feedback team to quickly diagnose and resolve performance issues and bugs throughout all applications.
- Developed applications using: Vue.js, Kendo UI, JavaScript, React, Microsoft Teams Toolkit, Microsoft Azure, jQuery, HTML, and CSS
